ARKHANGEL'SK AND CHITA TIMBER INDUSTRY LAGS

ARKHANGEL'SK LOGGING BEHIND SCHEDULE -- Pravda, No 98, 8 Apr 49

A plenum of the Arkhangel'sk Oblast Committee of the VKP(b) on 7 April discussed measures to ensure completion of the 1949 logging and hauling plans. Latunov, first secretary of the Oblast Committee, speaking on this problem, noted that timber managements and timber-transport managements were operating unsatisfactorily despite material and technical improvements.

The timber-hauling plan for the fall and winter season was not fulfilled. Construction of new mechanized enterprises has been inadmissibly slow. Logging trusts have failed to create staffs of permanent workers and to train supervisory personnel.

The plenum called for fulfillment of the summer logging plan, as well as for compensation for losses during the first quarter, and completion of the construction plan.

CHITA LOGGING ENTERPRISES LAG -- Zabaykal'skiy Raichiy, No 34, 19 Feb 49

The rate of logging in Chita Oblast is still not sufficient. As of 10 February, only 68 percent of the season plan for logging had been fulfilled, and only 58 percent of the transport plan. The plans for assortment and quality are not being fulfilled. The logging enterprises, primarily "Chitles" Trust, have not made sufficient use of the tremendous amount of assistance given them by the State. The "Chitles" Trust fulfilled only 4.7 percent of the plan for mechanized logging and only 12 percent for mechanized hauling. Only 50 percent of the plan for mechanized transport of timber was fulfilled.

RYAZAN' OBLAST COMPLETES LOGGING PL. -- Pravda, No 81, 22 Mar 49

Workers of the Ryazan' Oblast timber industry and kolkhozes fulfilled the fall-winter plan for logging and hauling.
